HERE IS WHAT THEY SAY ABOUT CIVIC PROGRAMS

Fire Chief, Heads Of City Departments And Church Officials Say Improve- ment Necessary For Growth

The Record publishes here statements received from the chief of the Daly City Volunteer Fire Department, heads of city departments and local church officials:

Chief A. P. Chesney of the fire department: "The people of Daly City have an opportunity in sight to place their city in the class to which it belongs, namely: a community of go getters."

"Every project that the city council is about to place before local voters is badly needed; in fact, is absolutely necessary for community growth and development."

"The present city hall is a fire menace and should be closed to all public gatherings. Moreover, it is entirely too small to accommodate official city business and its facilities are antiquated."

"The jail is a disgrace and is dangerous from the standpoint of a fire hazard. Till ten years ago the library served Daly City very well. Now it is entirely too small to serve either the present population or the larger future population of Daly City. In our community there are no playgrounds or public recreational areas. To make our city attractive and modern these things are necessary."

"The extension of the water system into the southern part of the

DETECTING AND STAMPING OUT TUBERCULOSIS

Mild Form Of Infection May Show No Symptoms But Later Become Fatal

(Editor's note: This is the second of three articles by a committee of Daly City physicians prepared on the tuberculosis program of San Mateo County Tuberculosis and Health Association. The last article of the series will appear in The Record next week.)

In our last article we told you how and why tuberculosis is spread; in this one we will discuss briefly how tuberculosis can be both detected and controlled.

Many people in a community may have a tuberculosis infection in such a mild form that no ill effects are felt. From 10 to 40 per cent of children in a given locality, may harbor the germs of tuberculosis, and yet continue with their activities in apparently good health. Such children have surely become innocently infected because of their constant and close contact with parents, relatives or friends, who are expectorating bacteria of tuberculosis from diseased lungs.

However, even though these children feel well, because such first infections usually produce no symptoms, they nevertheless have the seeds of tuberculosis planted within their bodies. Such seeds of infection often develop into a serious and fatal disease, as these innocent victims grow older.

It is, therefore, of utmost importance, and particularly so, in indi-

Pair Is Injured In Car Accident

Two San Mateo men were critically injured, early Wednesday morning of this week, when their car went out of control on Bayshore highway near Brisbane, rolled over three times and landed in a ditch.

Donald Fletcher, guest at a San Mateo hotel suffered eight broken ribs and a possible skull fracture, and was unconscious late today. His companion, Bobe Steele, 25, suffered shoulder injuries and a possible crushed chest. Fletcher was at the wheel of the car, in the opinion of the state highway patrol, which investigated the accident.

Blimp Soars Over New Golden Gate Structure

Uncle Sam's largest blimp is pictured in this unusual air photo as it recently flew over the world's highest suspension span, the new Golden Gate bridge across the entrance to San Francisco bay. The far-famed Redwood Empire counties of northern California will participate in colorful ceremonies marking the opening of the giant structure in May.

FAST FIELD HAS BEEN NOMINATED IN CHAMPIONSHIP "UP SHE GOES" ONLY TWO MORE IS SLOGAN OF WEEKS BEFORE COLUMBIA PLAY PRIZE DRAWING

Entry Of English Three Year Old Lends International Color To Race

Nineteen crack three year olds were nominated for the \$3000 added Tanforan three year old Championship, to be run Saturday, April 3, at one mile and a sixteenth.

The list of nominations includes the finest three year olds in Western training today. Brown Jade, the sensational filly which blazed out the pace in the Santa Anita Derby, is the probable favorite. She is in excellent form right now and captured her last start by five lengths through the mud. She is dangerous, however, on any sort of footing.

Chief opposition is expected to be furnished by the N. W. Church entry of Sir Oracle and Patty Cake. Both have trained exceptionally well for the engagement of Saturday.

Other keen contenders for the race include Rockwood, Dolaway, Lake View, Exclaim, Somali, Lady Bewithus and Sunset Trail II.

Sunset Trail II is an imported English three year old and will lend a touch of international color to the race. He has just arrived from Santa Anita, where he ran creditably.

Jailed After Chum's Death In Auto Crash

Celle Juanita Barker

Surrendering voluntarily to Los Angeles police after flight first to Mexico and then to San Francisco, Celle Juanita Barker, pictured above, was recently sentenced to a year in jail on a negligent homicide charge growing out of the death of a friend, Marcella Tullis, in a Pomona Cal., auto accident. The court suspended sentence but stipulated Miss Barker remain an additional ninety days in jail, where she has already spent forty-nine days.

Road Show Proves Worthy Of Appreciation Of Most Exacting Critics

(By The Stinger.)

Arrayed in the glamorous habiliments of farce-comedy is an attraction being staged by WPA players at the Columbia Theater.

With genuine enjoyment I witnessed a play with excellent acting, unique situations (bordering on the impossible) and wonderful orchestral selections imparted by a company which for competency and efficiency of production could hardly be excelled.

The theme runs like this: A young and ambitious college graduate learns that a former classmate is employed in the president's office of a large banking institution and decides to pay him a visit. On the way he encounters adventure when he sees several men loading heavy packages onto trucks, and takes a hand in assisting, for the sake of exercise. Arriving at the bank, he finds a situation to his liking and establishes himself as an employee.

By fast talking and "bluff" he convinces the president and directors that he "belongs." He hatches up a fictitious project revolving around an abandoned brick and cement plant and "sells" the idea to the officers.

The play runs through the gamut of hilarious comedy to dark despair—forward and backward—until the denouement, which finds the culmination of the project and the reopening of the cement plant and the establishment of the star as general manager.

The plot seems to review the general idea of the government's desire to assist the citizenry to help themselves, although the management disavows any connection between the promulgation of the play and federal aid encouragement.

The young leading man finds happiness in his marriage to the president's charming daughter and the play ends with much hilarity and hand shaking and back slapping over the successful ending to an almost impossible situation.

Licenses Suspended For Drunkenness

Drunken driving caused the suspension of the driving licenses of 678 persons during February, it was announced this week by the State Division of Drivers Licenses.

Licenses of 366 persons were revoked, suspended or cancelled for other reasons in the same period, while the driving privilege of 112 were restored.

Daly City Merchants May Sponsor Gala Free Dance On Night Radio and Wash- er Will Be Given Away

The big "cathedral" model Crosley radio and fine Apex washer will be on display in the store windows of Daly City merchants for only two weeks more. On April 17, they will become the property of two lucky residents who have made purchases at local business establishments and have obtained coupons for the drawing.

Interest in the prize drawing is throbbing to an exciting peak. With every 25 cent purchase, Daly City merchants who are participating in the program give to their patrons numbered coupons and stubs. Patrons are dropping the coupons in containers provided for them and are carefully saving the stubs, hoping that one of the numbers will entitle them to take home the beautiful radio or fine washer.

Daly City business houses have already given away between 50,000 and 60,000 coupons and merchants say that the demand for them is growing stronger every day.

FREE DANCE

On the evening of the prize drawing, April 17, at the city hall, Daly City merchants plan to sponsor a gala free community dance. Good music and the best of entertainment will be offered all Daly City residents and their friends.

And one person will win the radio; another the washer.

Explosion Burns Year Old Child

Ray Antonelli Jr., year old son of Mr. and Mrs. Ray Antonelli of Mission street, received second degree burns Thursday of last week when a can of stove polish exploded and ignited his clothing.

The father of the child was also badly burned on the hands and arms when he extinguished the child's burning clothing.

Little Ray was rushed to a San Francisco hospital, where he is convalescing.

One Way To Make Slot Machines Pay

The San Mateo County treasury was \$1400 richer this week, following destruction of 77 confiscated slot machines by deputies of Sheriff James J. McGrath.

The money was collected from machines which had been picked up at resorts throughout the county.

Four L. A. Young People Are Taken Into Custody Here On Attempted Elopement To San Francisco

Cupid ran amuck here late last week and four runaway young people from Los Angeles had to do a lot of explaining to irate parents.

The quartet was taken into custody Saturday night by Daly City police, who interrupted an elopement to San Francisco.

The prospective bridegroom and bride, George Wheeler, 18, and Catherine Gillette, 15, were found at the home of Wheeler's aunt, Mrs. Matilda Ewers, 332 North Parkview avenue.

Two other members of the wedding party, June Barton, 14, and Orsen Gilbert, 18, who came along to act as witnesses at the ceremony, were picked up at an auto camp on Mission street, police said.

Sergeant Wilbur Sunderland and Officer Arthur Dalton set out in search of the foursome upon receipt of a teletype message from Los Angeles asking detention of the wedding party.

PLANNED TO MARRY

The four were taken to San Francisco, where the girls were placed in the detention home and the boys held in city prison.

Wheeler told police he met Catherine five months ago, they fell in love and decided to get married, but because of objections by the girl's parents ran away to San Francisco for the ceremony.

"We took Orsen and June for witnesses and intended to lie about our ages," Wheeler said. "We would have, if we hadn't been caught. Now look at us. I'm sure everything will be straightened out and then we'll be married."

General Levies For Current Purposes Falls More Than \$4 Below Average

Per capita general county taxes for current purposes in San Mateo County averaged \$7.16 for 1936-37, according to a recent survey. In addition to this levy, an average of \$1.43 per capita was levied for bonds, \$8.86 for current school purposes, \$2.63 for school bonds and \$1.31 for county special districts. The total for county, school and special district purposes was \$21.39 per capita.

For the state as a whole, it was found that the average per capita levy for general county purposes for 1936-37 was \$11.74, for county bonds 70 cents, for current school purposes \$8.68, for school bonds \$2.87 and for special district taxes \$1.23. The total average per capita taxes levied, exclusive of cities, being \$25.33.

TOTAL TAXES

Total taxes by the county, schools, and special districts of San Mateo County were \$1,999,643 in 1936-37, as compared with a low point of \$1,854,843 in 1933-34. These figures do not include taxes levied by cities.

Taxes for general county current purposes during the five year period, from 1932 to 1937 reached their low of \$669,080 in 1936-37. School taxes for current purposes reached their low of \$486,579 in 1933-34 and were \$828,180 in 1936-37. Special district taxes reached their low of \$104,281 in 1934-35 and had gone to \$122,146 in 1936-37. Taxes levied for general county bonds were \$102,559 in 1932-33 and \$133,976 in 1936-37; for school bonds the levy was \$309,265 in 1932-33 and \$246,261 in 1936-37.

SPRING SERIES DANCE CONCERT BEGINS SUNDAY

Noted Dramatic Dancer To Be Feature Event At Opening

Pauline Koner, celebrated dramatic dancer, will appear in a concert at the Curran Theater, Sunday matinee, April 4, as the opening event in the spring series of the California Dance Guild. She will arrive here direct from the Guild Theater, New York. This is her first American tour.

Miss Koner first won fame dancing the leading role in Prokofiev's ballet, "Age of Steel," at the Metropolitan Opera House, New York, in 1932. She was featured in the ballet "Prometheus" at the Lewisohn Stadium the following year. She has been touring since with brilliant success in Palestine, the Near East and Soviet Russia.

She played a total of 118 concerts in the U. S. S. R., a record for a visiting artist exceeded only by Marian Anderson. Moscow, Leningrad, Kharkov, Kiev, Odessa, Tiflis, Archangel and Sverdlovsk were included in her itinerary. She staged the much discussed "Ballet of Youth" in Leningrad. Tatrov, noted producer, presented her in a series of special performances at the Moscow Kamerny Theater.

Pauline Koner's new Soviet dances are "Free Day," showing a worker on his day off from the factory; "Death of a Politician," a vivid satire on paid mourners, and "Lullaby to a Future Hero" by Myashovsky.

In her Palestine group are "Yemenite," ancient Arabic theme; "Yal-Lel," a Jewish dance of the night, and "Casside," from the Habima Theater, Tel-Aviv.

Her program also includes "Javanese Altar Piece," by Niemann; "Dance of Rada," by Sarat Lahiri, and a new group of Spanish Impressions.

Vivian Fine, pianist for Doris Humphrey and Charles Weidman, New York's foremost modern dancers, will be Miss Koner's accompanist.

GONE WHERE?

Mrs. Hazel Unger, Parma, O., reported to Police Chief Garry Burczyk that Gypsies had defrauded her of \$92. Burczyk, after making his official report, wrote the story of her misfortune to a Cleveland newspaper.

As an afterthought he added a headline: "Gone With the Wind."

MORE LOCAL NEWS OF DALY CITY FIELD

Mark Kanter, of Miriam street, spent several days of his Easter vacation visiting Julius Glassman at his home, on Tenth avenue, San Francisco.

Members of the J. F. F. Club were entertained, Thursday afternoon of this week, at the home of Miss Shirley Jones, on Vista Grande avenue. After a business meeting refreshments were served to the following members: Nadine O'Brien, Dorothy Hammer, Maren Nelson, Dorothy Smith, Mella Freed and Barbara Davis.

Mrs. J. Cashion and children, Lois and LeRoy, of Palo Alto, spent last week end visiting friends in Daly City.

Mr. and Mrs. Harry Jones and son Jerry and Mrs. A. Iverson, of Vista Grande avenue, motored to Petaluma, last Sunday, where they spent the day visiting at the home of Mr. Jones Parents. Shirley Jones, who spent the Easter vacation with her grandparents, returned home with her father and mother Sunday evening.

Clifford Fields of Coronda spent the Easter week end visiting with his parents, Mr. and Mrs. Jack Fields of Risel street.

Mr. and Mrs. Milton Roberts of Hillcrest drive are the proud parents of a daughter, born Thursday of last week.

On Monday of this week Mrs. Mabel Martin, 20, of 42 Bepler street was treated at the Villa Sanitarium for head injuries. A bowl fell from a shelf in the family home, striking the top of her head, while she was house cleaning.

Jules A. Ny of Risel street was host at a midnight supper Tuesday of this week. A very pleasant evening was spent playing bingo. Among the guests were Mesdames Mamie Straub, Stella MacNamara, M. McNeally, E. Borland, Ethel Dorn, Jules Ny, W. F. Dorn and Fred Platt of Montana.

Mr. and Mrs. A. Meeth and daughter, Miss Azalia, of Westlake avenue, had the pleasure of attending a birthday dinner given, last Sunday, in honor of Mrs. J. C. Bade, who celebrated her eighty-ninth birthday at the home of her daughter, Mrs. M. Kickbush, in Burlingame.

An application to wed was filed in San Francisco this week by Martin Cortesi, 22, 1475 Florida street, San Francisco, and Grace Silicani, 22, of Colma. Miss Silicani is the popular daughter of Mr. and Mrs. Fred Silicani pioneer resident of Colma.

The home of Mr. and Mrs. R. P. Richardson of Acton street was the scene of a happy family reunion dinner party Easter Sunday. Twelve members of the family enjoyed a baked ham dinner. It is the first time in three years the group have been together.

Mr. and Mrs. Thomas R. Syme of 12 Risel street are the proud parents of a son, born Easter Sunday.

Mr. and Mrs. Herman Hanson of San Diego avenue entertained at dinner, Tuesday evening of this week, celebrating Hanson's fiftieth birthday. The table was prettily decorated with spring flowers. After dinner dancing was enjoyed by the following guests: Messers and Mesdames Charles Olson, Oscar Euler, R. Johnson, Gus Hanson, Ben Hanson, A. Anderson, L. Harper, Fritz Hanson, Mrs. Almquist, Mrs. Elhet Barger, Miss Abramson, Miss Elaine Hanson, Miss Jeanette Barger, Al Hanson, Melvin Hanson, Einar Hanson and Manfred Hanson.

Association Of D. C. Firemen To Dance

The Widows and Orphans Association of the Daly City Fire Department appeals to local citizens to help the firemen replenish their death benefit fund by purchasing tickets, or inserting an advertisement in the program, for the annual dance to be held in Colombo Hall, May 8.

Four members of the association passed away during the past year and \$2000 was paid out in death benefits. Tickets for the dance may be purchased from any member of the Daly City Fire Department. Good music and an enjoyable evening is assured by the sponsoring committee.

TWIN INJURIES

Earl Ralston, of Templeton avenue, and L. H. Stebbins, of Frankfort street, received identical injuries, namely, a broken shoulder each, Sunday of this week when the machine in which they were riding overturned after colliding with a machine parked on Hillside boulevard in Colma.

The two were taken to the Villa Sanitarium for treatment.

SEABISCUIT WILL GET TOP WEIGHT FOR HANDICAP

Many Classy Thoroughbreds Will Compete In Feature Race On Getaway Day

Seabiscuit, brilliant four year old stake star in the stable of Charles S. Howard of San Francisco, received top weight of 124 pounds for the \$10,000 added Marchbank Handicap, to be run here April 17. Racing Secretary Julius G. Reeder raised him four pounds off his last race at Santa Anita, which was easily the most impressive performance turned in by any thoroughbred at the Los Angeles course during the winter season.

Seabiscuit raced to a new track record of 1:48 4-5 for the mile and one eighth in his closing Santa Anita performance, winning the San Juan Capistrano Handicap in a gallop over Grand Manitou, Special Agent, Indian Broom and other toplineers.

He was beaten a scant head by Rosemont in the \$100,000 Santa Anita Handicap in his previous start and many observers contend that he was the better horse.

Seabiscuit has been training well here, and is in excellent shape and is the certain favorite for the first renewal of the mile and one eighth classic.

Indian Broom, victorious over Top Row and Azucar in the first running of the Marchbank Handicap last year, will again shoot for the rich prize. He sped to a new world's record of 1:47 3-5 in his triumph a year ago. He drew 116 pounds, second in the weight adjustments, for the race this season.

Special Agent, the thoroughbred which blazed a smoking trail in the Santa Anita Handicap until the top turn, will run coupled with Indian Broom as the Major Austin C. Taylor entry. He finished fourth, just behind Indian Broom, in the Santa Anita.

Another crack entry in the engagement is the H. C. Hatch pair, Ariel Cross, and Sweepstaff, levelly weighted at 112 pounds. Both are training impressively for the stake. The French importation, Grand Manitou, owned by Raoul Walsh of Hollywood, received 110 pounds. He finished second to Seabiscuit in the last handicap of the season at Santa Anita.

Sixteen thoroughbreds in all were weighted for the stake and it is likely that most of them will accept the issue.

D. C. Clean Up Week To Start April 12

On the week of April 12, the Daly City Health Department will conduct a city wide clean up week. Purpose of the program is to eliminate all fire hazards and health menaces in this community.

Dr. A. A. Shaghoian, Daly City health officer, states that the clean up week is one factor of an extensive educational project, by which the Board of Health plans to improve local public welfare.

All residents are invited to assist in making the city spring cleaning program a success. Directions issued by the Board of Health are: Clean up all rubbish in your basements and yards; put it in containers, cartons, sacks, barrels and leave it in your yard. Do not put in any garbage or dirt. On the morning when the truck is coming to your place, (dates will be announced later) place the rubbish neatly on the sidewalk near the curb, in front of your house. On that day, only, the truck will pick up rubbish and carry it away.

Next week, The Record will publish full details of the clean up program along with the routes and day schedules of city trucks which are to pick up the rubbish.

Woodrow Wilson P. T. A. Ends Year

Woodrow Wilson P. T. A. culminated a year of successful activities at the annual March meeting, when a new set of officers was elected.

A brief outline of 1936-37 P. T. A. activities show the following events: An executive board luncheon at the home of Mrs. L. Thomey, June, 1936; luncheon for mothers and teachers, November, 1936; the awarding of two scholarships; two graduating class entertainments; the annual district conference attended by the executive board; a life membership lunch, from which sufficient money was raised for the membership; a magazine lunch, the proceeds of which were used to purchase magazines for members of the executive board; Founders Day celebration and homecoming for past presidents, and the year closed with a joint meeting in the high school with Jefferson High School P. T. A.

REPRESENT UNIT

On May 19, Mrs. Grace J. Hill, incoming president, will represent the Woodrow Wilson unit at the state convention at Pasadena.

The monthly whist will be held Wednesday, April 14, at the school house. Play will begin at 8:30 p. m. and Mrs. M. Starkey will be chairman. All local whist players are invited to attend the party.

A hamburger sale will be held in the school house at noon, Tuesday of next week, and Mrs. Eva Page will be chairman.

Pershing P. T. A. In Many Activities

At their regular meeting, Tuesday of next week, the General Pershing P. T. A. will serve a mothers and teachers lunch. Guests of honor will be Mrs. Elmer Miller, Seventeenth District president; Miss Pansy Jewett Abbott, county superintendent of schools, and R. L. Crane, district superintendent of schools. Mrs. M. Boyle and Mrs. Ann Eason are co-chairmen in charge of the lunch committee.

Mrs. Sadie Welsh, president of General Pershing P. T. A., called a meeting of the executive board, Wednesday of this week, to discuss plans for the luncheon. Reports were made on the meeting, Tuesday of this week, called by Daly City health officials. Mrs. S. Welsh, Mrs. Rose Gardella and Mrs. M. Boyle represented General Pershing P. T. A. at the health meeting.

Mrs. M. Boyle is making plans for a monster rummage sale to be held in May. All donations of saleable merchandise will be gladly accepted.

In spite of rain on March 19, more than 300 children were present at the annual Easter party given by Pershing P. T. A. Each child received a large chocolate Easter egg.

ENTERTAINS

Miss Caroline Woodside entertained a group of friends, Saturday evening of last week, at her home on Bruno avenue.

The guests danced and refreshments were served. Those present were Gwen Callen, Vera Nelson, Myrtle Gfroerer, Eleanore Talbot, Jeanette Barger, Lillian Gavagnaro, Phil Boyle, Tom Monohan, Bob Dalrymple, Andrew Andrews, James Upman, Bill Gfroerer and Harold Schuldager.

Preparations For Jefferson Hi P. T. A.

The regular monthly luncheon of the Jefferson Union High School Parent Teacher Association will be at the home of Mrs. Hugh Paterson, 140 Molke street, Daly City, with Mrs. Grace Hill as co-hostess.

Many important matters will be discussed, such as the joint installation of officers with Woodrow Wilson unit on the afternoon of May 19; the party for the graduating class of 1937, the state convention in Pasadena in May, the district convention of April 15 and 16 in San Mateo and the plans for our regular meeting of April 21.

Our meeting of March 17 proved a very interesting one, and the program given under the direction of the Girl Scouts was most enlightening.

Our membership chairman reports 120, which represents a most encouraging outlook for our work in the future.

Mr. and Mrs. Remi Sanders and Mrs. Stella Jensen attended the district meeting, which was conducted by the Home Service Department, with Dr. Claud A. Shull as guest speaker.

MARATHON RACE TO BE HELD AT BRIDGE OPENING

Runners To Cover Distance From San Rafael To Crissy Field

A marathon relay race from San Rafael across the Golden Gate Bridge to San Francisco will be one of the feature sports attractions of the Golden Gate Bridge Fiesta, May 27 to June 2.

The course, as laid out, will route the contestants through the towns of San Anselmo, Ross, Kentfield, Escalante, Larkspur, Corte Madera, Waldo, through the Waldo cutoff and over the Golden Gate Bridge to Crissy Field, San Francisco.

Covering a distance of approximately 20 miles, the runners, five to teach team, will run in relays of four miles each. Entries are now being received.

Teams are expected to represent

the Olympic Club, University of California, Stanford University, San Francisco Y. M. C. A., Italian Athletic Association of Los Angeles and the Sacramento Y. M. C. A.

Auxiliary To Meet On Child Welfare

The meeting of District 26, American Legion Auxiliary, to be held, Friday of next week, in San Mateo Legion Hall, will be devoted to child welfare.

Mrs. Jessie Zant, district child welfare chairman, has arranged a suitable program. Several prominent child welfare workers will address the meeting.

Members of the American Legion and anyone else who is interested are invited to attend the session which is scheduled to open at 8:15 p. m. Mrs. Marcie Trier, president, will preside.

DETECTING AND STAMPING OUT TUBERCULOSIS

Mild Form Of Infection May Show No Symptoms But Later Become Fatal

(Continued from page 1)

viduals who complain of constant fatigue, loss of weight, cough, night sweats, fever and pleurisy, that they, at least, subject themselves to four important tests to determine the presence or absence of a tuberculosis infection.

These tests are: (1) The tuberculin skin reaction. (2) A thorough physical examination. (3) An X-ray study of the chest. (4) And when indicated, a sputum examination.

The tuberculin skin test is our most sensitive one, for it aids us in the segregation of those individuals, who never have been infected with tuberculosis from those who have a focus of living germs in their systems. Moreover, this skin test is of paramount importance to an individual, for without it, a tuberculosis infection might treacherously develop into a serious process, only to be discovered too late for cure.

This test is performed on the skin of the forearm. It takes less than one minute to complete. It is harmless, painless and produces no ill effects. If the seeds of a tuberculosis infection are present, a small red area develops on the forearm within 48 hours. This is indicative of a positive tuberculin reaction. Thus a positive test means, the presence of living tuberculous germs, and must be regarded as an area of disease either in the absence or presence of symptoms.

Occasionally, a person may have so mild an infection that this first test is negative. Under these circumstances a second test is performed in identically the same manner 48 hours following the first one, with the exception a stronger testing material is used on the second occasion. If the characteristic red area does not develop within 48 hours, the patient may be then told that the

test is negative and that there is no tuberculous infection present.

The positive reaction on the other hand, signifies that, that individual has been exposed to living tuberculous germs through close contact with someone suffering with tuberculosis. The source of infection has often been traced to parents, relatives or friends. The possibility of infection being carried by milk from tuberculous cows is no longer a great menace, for cows are tested for tuberculosis and milk pasteurized.

Every person who exhibits a positive tuberculin test, should have both a thorough physical examination and x-ray studies of his chest. The physical examination informs us further as to the absence or presence of an active tuberculous infection and its location within the body. It may lie in the lungs, lymph glands of the chest or neck, or even in the bones or kidneys.

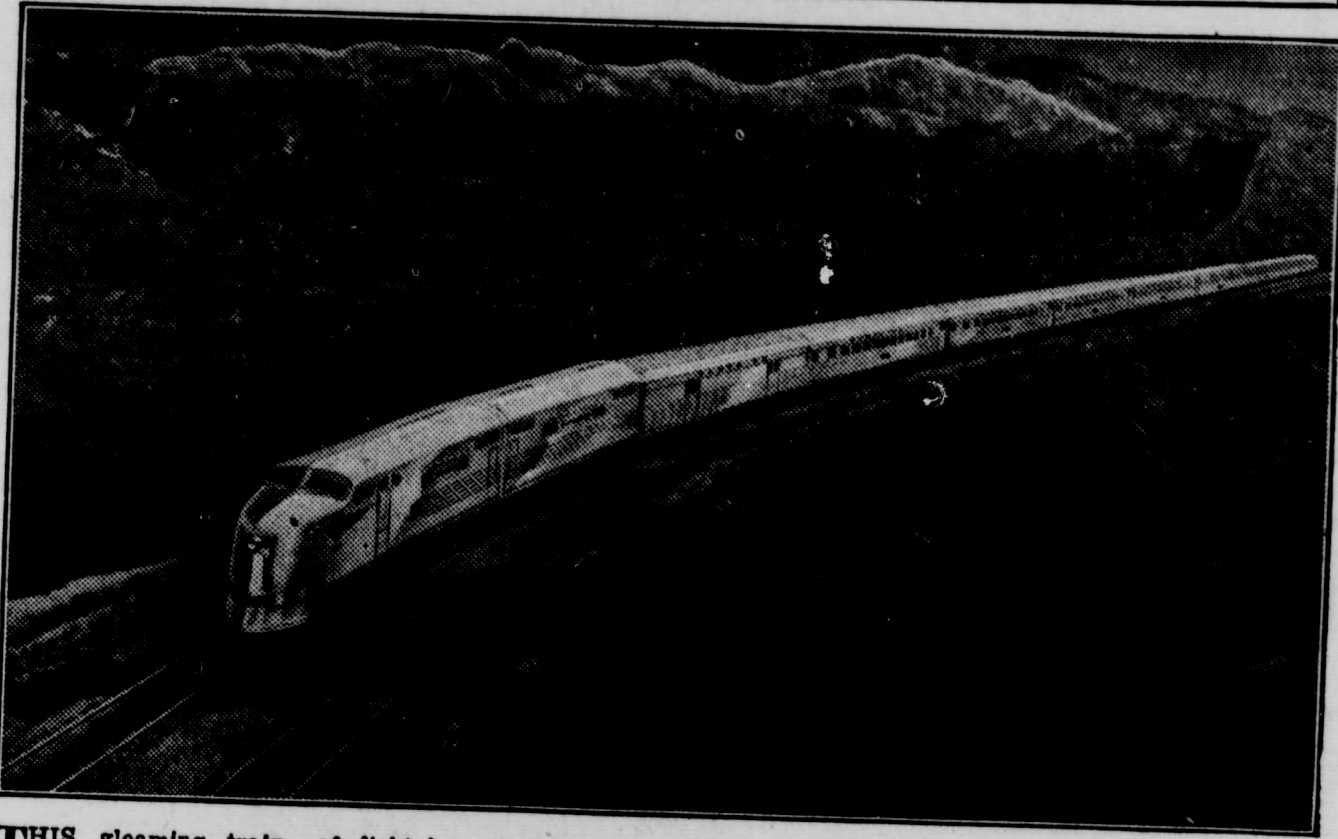

A frequent site of tuberculosis, in children, is the lymph glands. It occasionally occurs that the tuberculous focus within the chest is too small to be recognized by physical examination alone. Under such conditions, an x-ray of the chest is of the utmost importance in finally locating the small infected area within the lungs or lymph glands. We can not over emphasize the importance of such an x-ray examination, because when all other tests fail to give adequate information, the x-ray comes to our rescue.

The childhood period is ideal for testing and all families should realize the value of this test, for during this period one holds the master key to the door of tuberculosis. While children are being educated along usual lines, education regarding control of tuberculosis can be taught likewise. When children receive such teaching, they not only become helpful recruits in our present army of tuberculosis workers, but many of them will carry this information through life and aid greatly in the control of tuberculosis in their own generation.

Let us all take these facts seriously. Let us co-operate with our county tuberculosis and health associations, and by so doing, we can not only prevent the spread of tuberculosis but we can also discover the disease at an early stage, when it can be treated successfully within a comparatively short period of time.

New "Super Chief" for Chicago-Los Angeles Run

THIS gleaming train, of light-weight, stainless steel will become the famous "Super Chief" of the Santa Fe railroad when it goes into service early in the spring.

The train, nine cars in length, now is under construction by the Edward G. Budd Manufacturing Company of Philadelphia.

Traversing the picturesque lands

of the Navajo, it will take over the weekly run between Chicago and Los Angeles—a distance of 2,225 miles—and will cover the route on a schedule of 39 hours, 45 minutes.

Through use of light-weight construction principles, the new train will weigh only half as much as the train it will supersede and will be a radical departure from the con-

ventional design of railway equipment.

The train will be Diesel powered. New features for comfort and convenience have been built into it and it will have a striking decorative design. The nine cars include five sleepers, cocktail and lounge car, baggage and postoffice car, dining car and an observation car.

HAND SIGNAL NEGLECT CAUSE OF ACCIDENTS

More and better hand signals mean fewer accidents—the giving of proper signals when slowing down, stopping or preparing to make a turn is a vital part of the safety code for motorists, but a frequently neglected one.

These are highlights of a statement by the Public Safety Department of the California State Automobile Association. The motorists' organization declared that accident records show many instances where failure to give signals has figured as a direct cause. The statement continued:

"The California Vehicle Act requires motorists, before starting, turning, or stopping, first to determine whether they can do so with safety and then to give a plainly visible signal. The law requires that a proper signal shall be given continuously during the last fifty feet before stopping or turning. There is a good reason why signals should be given well in advance. When a signal is not given until immediately before stopping or turning, other traffic may not be able to slow down or stop in time to avoid a collision.

"Signals are necessary not only to let the car behind know what the driver intends to do, but they are often necessary for the information and protection of an approaching motorist who may intend to make a turn himself or who may be entering from an intersecting road. Signals are also important for the protection of the driver himself when he plans to slow down, stop, or change his direction of travel.

"Signals should be given clearly and unmistakably, with the hand and arm extended in such a way as to be plainly visible to other drivers. Too many drivers merely thrust a hand an inch or two outside the car in a way which requires other drivers to guess at what is meant."

DOG POPULATION

The humane department claims Los Angeles to have a dog population of 200,000. Most of them have no legal status, the \$2 male and \$4 female license fees total only \$138,889.

County Government Costs May Rise

Preliminary examination of ten county departmental budgets for 1937-38 submitted to Controller Stack revealed last week that costs of government operation are likely to rise between 10 and 15 per cent next year if increases are proportionate in the remaining 38 departmental budgets.

Salary, maintenance and operation estimates of the various offices were turned in late last week.

Some idea of the composite budget requirements will be gained after the individual budgets are all in, Stack said. County Budget Director Ernest A. Rolison declined to make

any comment on the outlook until he has studied the whole setup, he said.

CONNIE MACK

Philadelphia Athletics Manager Connie Mack entered a hospital at San Antonio, Tex., Tuesday of this week, for treatment of a leg infection caused by a batted ball that struck him during a practice session two weeks ago. Physicians say his condition is not serious.

BLUE AND GOLD

POLITICAL SOPHISTRIES FAIL TO GULL MASSES

By J. W. MARCHBANK
Pioneer in Frontier Mining Work

I ran across a Spanish proverb the other day to this effect:

"If there were neither fools nor knaves in the world, all people would be of one mind."

It is simply another way of putting an idea I have held throughout my life:

"Fair play, though the heavens fall."

In order to make some progress in abolishing rancorous party spirit how would it be if all of us subscribed to the following, which was composed by the great English writer, Joseph Addison, more than two hundred years ago:

"We whose names are hereunto subscribed do solemnly declare, that we do in our consciences believe two and two make four; and that we shall adjudge any man whatsoever to be our enemy who endeavors to persuade us the contrary. We are likewise ready to maintain, with the hazard of all that is near and dear to us, that six is less than seven in all times and all places; and that ten will not be more three years hence than it is at present. We do also firmly declare, that it is our resolution as long as we live to call black 'black,' and white 'white.' And we shall upon all occasions oppose such persons that upon any day of the year shall call black 'white,' or white 'black,' with the utmost peril of our lives and fortunes."

We may also note that Addison sagely points out that hypocrites promote their own advantage under color of the public good, having profligate retainers that have nothing to recommend them but an implicit submission to their leaders. Furthermore, he wrote that he tried as much as he was able to extinguish the pernicious spirit of prejudice which rages with the same violence in all parties.

Reactionaries are proverbially malignant. Probably in all our political history there has never anything to equal, or anywhere approach, the virulence of the attacks by the economic royalists on President Roosevelt in the late campaign.

Mountain States To Join Fiesta

Large scale participation in the Golden Gate Bridge Fiesta, May 27 to June 2, has been assured by officials of four great mountain states, directly east of California.

Nevada, Utah, Colorado and Wyoming will send imposing cavalcades, headed by governors and mayors, to San Francisco for the Fiesta.

Funds for participation in the Fiesta have been appropriated by city councils and chambers of commerce in the four states.

Enthusiasm for the completion of the Golden Gate Bridge and the Fiesta is boundless in each of the states.

The same forces are opposing him at present in his proposal for the reorganization of the Supreme Court. And using the same methods. Inasmuch as the opponents of the President are using the same old arguments against his latest suggestion for the humanization of government it is easy to see they are reduced to the most desperate means, in fact, do not know which way to turn in efforts to stem the tide of real democracy surging in nearly every state in the Union.

As we all know, Franklin Roosevelt was placed in the White House in spite of a combination of the most powerful interests determined to defeat him. One writer has put the result in this emphatic manner:

"Perhaps never before have the people of the country so completely disregarded the press (80 per cent of the newspapers opposed the reelection of our standard bearer) and made virtually a laughing-stock of the titanic efforts of the industrial kings."

No one can deny the wonderful productive gains of the later twenties were diverted to the small privileged groups in control of industry and finance, who abandoned the population to almost indescribable suffering.

Another thing. The majority of the Supreme Court justices, when in private practice, devoted their talents to "big business" interests. The Constitutional Convention went on record three times against the right of the Supreme Court to invalidate the acts of Congress. The "nine old men" have not heard apparently of the people placing Franklin Roosevelt in the White House, with a commitment to carry out a highly liberal program. They seem to think Mr. Landon was "put over."

.....

The thing to do right now is to reorganize the Supreme Court in order to have a tribunal at Washington that is in step with modern trends. Along toward the end of next year the thing to do here in California is to elect a governor of the same party as the President.

Street Cars Seek 2 Cent Fare Boost

The Market Street Railway Company will soon place in the hands of the State Railroad Commission a petition asking permission to raise its fare from 5 cents to 7 cents, it was announced this week.

The report said that the demand was deemed necessary due to recent increases in wages, the second salary boost in two years.

Street railway rates in San Francisco have been 5 cents for years.

The local merchant can increase his business and keep purchases at home by advertising in The Record.

Contest To Be Held On Patriotic Drama

Students of public, private and parochial schools and colleges, as well as adults who are not professional playwrights, will be intensely interested in the projects of the United States Constitution Sesquicentennial Commission to secure dramatic material to be presented during the celebration of the one hundred fiftieth anniversary of the formation of the Constitution, which begins on September 17.

Not only will this project be an incentive towards creative writing, but it will stimulate among all students a desire for greater knowledge of the formation of the Constitution. The commission hopes to secure worthy plays depicting the constitutional history, background of the Constitution, and the Philadelphia Convention, which will be extensively used in schools, churches and organized groups of men, women and youth.

PLAY CLASSIFICATION

The general plan of operation provides for three classifications of plays: (1) competition for high school students (Juniors and Seniors) in a one act play; (2) competition for students in colleges and universities in a one act play; and (3) competition for teachers and directors of dramatics in plays of one act or more.

Material offered must be submitted not later than May 7, 1937, to the drama chairman of this state, who is acting in co-operation with the State Constitution Commission. This contest for high school students terminates with the state contest. Those open to college students and teachers will be extended from a state to a national contest.

The National Commission will award the Constitution Commemorative Medal in silver and bronze to the state winners and a Shrine of the Constitution to the persons in the nation winning first place in plays.

Further information, as well as a list of state committees and regional committees will be supplied contestants upon application to Sol Bloom, director general, Washington, D. C.

County Offices Move At Redwood

Work was virtually completed last week in the enlarging of the present offices of Dr. Charles C. Gans, county director of health and welfare, at Redwood City.

The office of County Purchasing Agent Stanley Kelley was moved this week to the cottage adjoining the court house, trading offices with the social welfare department. The offices are being moved in order that all of the health and welfare department may be centralized.

TROOP NO. 141

Meets Thursday at 7 p.m. at Nazarene Church

TROOP NO. 141

Troop 141 went on an all day hike last meeting day and held an outdoor session in the evening. Two candidates were admitted to membership at that time. They are Edward McIntosh and Bobby Brandstrom. Scout Gary Baldwin gave an address welcoming the new members.

Activities on the hike were varied. Scouts participated in many outdoor games and passed several second and first class tests.

Troop 141 will demonstrate the Metal Work Merit Badge at the Scouting Exposition to be held at the San Francisco Civic Auditorium late this month. Members of the troop are working on several displays for the show.

DAN TIES KNOT

Troop 141, upon request, has received a knot tied by Daniel Carter Beard, national scout commissioner and grand old gentleman of the Scout movement. He tied a sheep shank knot. The troop will attempt next to get Sir Baden Powell, chief scout of the world, to tie a knot and send it here. The troop is constructing a bulletin board and plans to decorate it with knots tied by Boy Scout celebrities.

CUB PACK

Four new members—Ralph Lynch, Ketrone Carter, Billie Carpenter and Thomas Fahey—have been admitted to the pack recently.

Saturday of last week, the pack went on an outing to Thornton Beach. The boys cooked lunch on the beach and ate their fill of corn pone and solamagoozelem prepared by Mr. Straughan. On the way home they stopped in the pine grove to play several games and to hold a short meeting.

Pack 141 has been assigned a booth at the Scouting Exposition to be held at the Civic Auditorium.

IN JAIL—GLAD

Mrs. Benjamin H. Blair said, "I'm glad my son is in jail," when she learned that her 22 year old boy, Vachel Lindsay Blair, nephew of the poet, Vachel Lindsay, had been arrested in France as he attempted to enter Spain to join the loyalist army.

"He'll be out of danger there," said the mother.

Judges Say Queen Will Be Beauty

What will the Queen of the Golden Gate Bridge Fiesta be like? Have the judges a certain type in mind?

Such questions are daily piling up on the desk of the contest editor at Fiesta headquarters, 111 Sutter street.

"We have no way of answering the first question," said the contest director, this week.

"But any Caballero can tell you she will be the loveliest girl imaginable. Beyond that we cannot say, whether she will resemble the dark haired and darker eyed senorita of old Spain or the queen lily and rose in one type of northern climes. The voters of seventeen counties will make the choice. I am sure their selection will be worthy of the crown."

These seventeen counties, Fiesta headquarters reiterated this week, are Alameda, Contra Costa, Del Norte, Humboldt, Lake, Marin, Mendocino, Monterey, Napa, Sacramento, San Francisco, San Joaquin, San Mateo, Santa Clara, Santa Cruz, Solano and Sonoma.

Many young unmarried women over sixteen are not waiting until April 3, the last day for filing their application blanks, but like well trained office seekers are getting in to the campaign early.

Contestants may expect to receive their ballots by April 5. The contest will close May 17.

There is no county in preference, for each county has its equal chance to have its queen receive the highest honors at the coronation ball in San Francisco Civic Auditorium, May 25.

The other beauties, one from each county, each queen of her own realm, will make up the court of the queen empress.

Every queen outside San Francisco will be given a trip to the city for herself and her chaperon, with all expenses paid and accommodations in San Francisco leading hotel.

For richness of color and splendor of setting, the coronation ball promises to be one of the highlights of the Fiesta.

EXPERIENCED HOUSEWIFE CLUB

(By Maude Larue Ives)

One of our good cooks, Mrs. Osmond Schreiber, sent in the following recipe for white cookies:

SUGAR COOKIES

1/2 cup butter 1 cup sugar, 2 eggs (beaten), 3 tablespoons milk, 2 cups flour, 3 tablespoons baking powder, 1/4 teaspoon salt, 1/2 teaspoon grated nutmeg or 1 tablespoon vanilla.

Cream the butter, add sugar gradually then the well beaten eggs, the milk and the flour mixed and sifted with the baking powder and nutmeg. Continue adding flour to make a stiff dough. Place small portion on a well floured board, pat and roll to 1/8 inch thickness. Cut, place on a greased baking tin and bake in moderate oven until light brown. One egg may be omitted and then less flour will be required.

Variations of Sugar Cookies

Chocolate Cookies

Add 3 tablespoons grated chocolate or cocoa to sugar cookie recipe.

Cocoanut Cookies

Add 1/2 cup shredded cocoanut to the dry ingredients.

Rich Cookies

3/4 Cup sugar, 1 cup butter, yolks 4 eggs, 3 tablespoons milk and 4 cups flour. Combine as recipe above.

Cookie Macaroons

Add 1 cup karo syrup to sugar cookie recipe.

CODDLED APPLES

(From Mrs. John Kinsey)

Wash, peel and quarter medium sized apples. Make a syrup by stirring together 1 cup sugar to 3 cups water and boil for 2 minutes. Slip a few quarters of apple into the boiling syrup and cook gently until they are transparent. They should keep their shape, so cook only a few at a time. Remove carefully when tender and place in a dish, pouring the syrup over them. A few drops of vegetable coloring in the syrup makes it most attractive. Red is the best color to use.

BROWN NUT BREAD

(From Mrs. Amelia Lewis)

2 Cups brown sugar, 2 eggs, 3 tablespoons butter, 1 cup sour milk, 1 cup nuts, 1 teaspoon cinnamon, 1/2 teaspoon soda and a pinch of salt, 2 teaspoons baking powder and flour to make a thick batter.

FRICASSEE CHICKEN

(From Mrs. George Lindorff)

1 Good sized chicken cut up and placed in cooker with a good sized

Easter Flowers Are Flown East

Eastern demand this year for California Easter flowers far surpassed that of any previous season. Because orders from the East were so large, authorities of United Air Lines at Mills Field detailed, Friday evening of last week, a special freight plane to fly to Chicago with 800 pounds of gardenias in addition to spring violets and Easter lilies.

This Easter flower special landed in Chicago Saturday at 11 a. m. From there the ship continued to New York.

Only the two pilots were on the Easter special, which carried a total of 10,000 gardenias. The flowers were so bulky that it was necessary to remove four seats in the plane, stacking the packages of flowers in the baggage room and all through the cabin.

In addition to this plane, 98 shipments, totaling approximately 800 pounds, left the Mills Field airport in every direction. It was estimated that approximately 25,000 gardenias, totaling 2000 pounds, were sent via airplane during Easter week.

Stanford Professor Awarded Fellowship

Dr. Aaron Clement Waters, professor of geology at Stanford University, was this week honored by one of 61 fellowships awarded to American scientists, scholars, writers, composers and artists by the John Simon Guggenheim Foundation for research in 1937.

The grants were for various amounts, averaging \$2500 for a year study, and provide for specified periods of original study ranging from a few months to a year.

Hospital Installs New Therapy Tank

Completed at an expense of about \$5000, the new therapy tank in the Community Hospital for the treatment of infantile paralysis cases, is now in operation. Dr. Charles C. Gans, county health director, announced this week.

The tank, with equipment for chlorinating and changing the water, is one of the most modern in the state, and is a long needed addition to the hospital equipment.

"HELP YOURSELF"

Big business and a fine romance are contained in the farce, "Help Yourself" now at the Columbia Theater, and playing until Saturday night, April 3.

piece of butter. Let fry about 15 minutes, then cover with water. Let cook about 2 1/2 hours and when well done add 1 cup cream. Put in roaster, then top with biscuits, but do not cover. Bake in moderate oven.

FRUITED PUDDING

(From The Farmer's Wife)

3 Eggs, 3/4 cup sugar, 4 tablespoons melted shortening, 1 1/2 cups flour, 2 teaspoons baking powder, 1/2 teaspoon cinnamon, 1/2 teaspoon nutmeg, 1 tablespoon water, 1 cup tart jam or preserves.

Beat eggs till light. Add the sugar and shortening. Mix and sift the dry ingredients. Add to the first mixture alternately with the water and jam. Pour into a greased baking dish and bake in an oven at 330 degrees F. for 1 hour. Serve hot with foamy sauce.

Foamy Sauce

1 Egg, 1/2 cup butter 1 cup sugar, 6 tablespoons boiling water, 1/2 teaspoon lemon extract, 1/2 teaspoon vanilla.

Cream butter and sugar. Add well beaten egg yolk and 1 tablespoon boiling water at a time until all 6 are used. When well creamed add to the beaten egg white and flavoring.

Employers Receive Contribution Forms

More than 20,000 employers in California who hire eight or more persons have received contribution report forms of the California Unemployment Reserves Commission for the first quarter of 1937. Reports and contributions are due May 15 and are delinquent June 15.

The contribution form is CURC-3, No. 8. Complete instructions for filing contributions were mailed to the employers with the forms.

Employers who have hired eight or more persons during twenty days, each day being in a different calendar week, during the current year are liable for the contribution, it has been announced.

Payment of the contribution for the quarter ending March 31 marks the first contribution of 1.8 per cent on the total pay roll of the subject employer and 90/100 of one per cent of the employee's salary.

The contribution is double the sum paid during 1936. Funds collected will be deposited to the credit of California in the United States Unemployment Trust Fund and added to the more than \$21,000,000 already to the credit of this state in that fund, which will be used to pay California unemployment benefits after January 1, 1938.

Bill To Cut Tax Roll Is Fought

Strong opposition to an assembly bill which would cut \$1,000,000 from the assessment rolls of San Mateo County was expressed this week by Assessor Dan Flynn, who has gone to Sacramento to join with the State County Assessors' Association in fighting the bill, recommended by the assembly revenue and taxation committee for passage.

The measure, AB 71, would eliminate all personal property taxes, placing no restriction on the gross amount of personal property held.

The assessor declared that only confusion would result from passage of the bill, scheduled to go into effect in the 1938-39 biennium.

"Millionaires would pay nothing, like the poor, under this bill," Flynn said, branding the measure as a single tax proposition.

Lesson Sermon Of Christian Science

"Surely God will not hear vanity, neither will the Almighty regard it." These words from Job comprise the Golden Text to be used Sunday, April 4, in all Churches of Christ, Scientist, branches of The Mother Church, The First Church of Christ, Scientist, in Boston, Mass.

The subject of the Lesson-Sermon will be "Unreality." Included among the Scriptural selections will be: "He that loveth his brother abideth in the light, and there is none occasion of stumbling in him. But he that hateth his brother is in darkness, and walketh in darkness, and knoweth not whither he goeth, because that darkness hath blinded his eyes" (1 John 2: 10, 11).

The following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy, will also be included: "Human hate has no legitimate mandate and no kingdom. Love is enthroned" (p. 454).

Coast Gardeners Favor Sweet Peas

New proof that Pacific Coast living and tastes are as unique as if this region were a different land, is indicated in a local and nationwide flower survey disclosed this week by the vice president of Ferry-Morse Seed Co., San Francisco.

"Pacific Coast home gardeners at present prefer, in the order named," said the official, "Sweet peas, nasturtium, zinnia, snapdragon, stock, aster and petunia."

A national survey reveals that home gardeners elsewhere prefer, in the following order, heavenly blue morning glory, petunia, zinnia, marigold, nasturtium, portulaca and larkspur.

Court having appointed the twelfth day of April, 1937, at the hour of ten o'clock A. M. of said day in the Court Room—Department No. One—of said Court in the Courthouse thereof in Redwood City, County of San Mateo, State of California, as the time and place for the hearing of said petition:

NOW, THEREFORE notice is hereby given that the name of the estate is as above entitled; that the name of the petitioner and the nature of the application are as above set forth; that the real property to which the property applies in said Deed of Trust is situated in Daly City, County of San Mateo, State of California, and described as follows:

All that certain real property situated in the City of Daly City, County of San Mateo, State of California, and described as follows: to-wit:

PORTION of lots 387 and 388 as designated on the Map entitled "MAP OF THE MISSION ST. Conduct Survey On Living Cost Rise

The Workers-Alliance of San Mateo County is conducting a county survey to determine the rise in living cost and to establish the claim for a 10 per cent increase in WPA wages.

This demand will shortly be presented to the director of the Ninth District, the bay area counties and Santa Clara. The same procedure is being followed on a state and national basis. Data so far tabulated in this county indicates a rise of well over 10 per cent and is expected to exceed the U. S. government figures of 21 to 23 per cent increase.

Additional demands to be presented are for trade union hourly rates and permanent cancellation of the heretofore planned mass layoffs.

ACT FOR SILVER PURCHASE MAY BE IN JEOPARDY

Tremendous Increase In Gold Output Has Upset All Calculations

It looks as if there is strong probability of something being done at the present session of the Congress of United States with the silver question and, with much regret, one has to admit that if any change comes it will, in all probability, not be for the benefit of the silver-miner.

The Federal Reserve Bank directors have lately taken the position that continued purchase of silver by the government has had a very serious effect upon matters financial, in that it has extended credit upon a false foundation.

It may be that Mr. Roosevelt will find a willing way along that trail to abandon his support of the white metal. At least, it may be safely assumed that the old enemies of remonetization are still at work, and perhaps in better position than for many years.

Information recently received by the writer from W. Finch, director of the Bureau of Mines at Washington, D. C., reveals the fact that on December 31, 1936, the treasury of the United States contained 1,177,400,000 ounces of silver.

That amount is almost exactly equal to the total world production during the past six years, 1931-1936 inclusive, during which period 1,179,039,454 ounces were produced.

At the time the Pittman Silver Purchase Act was adopted in 1934, the nation held 62,100,000 ounces.

Since then, 1,178,600,000 ounces have been purchased from foreign and domestic sources, and 63,300,000 ounces have been used for coinage.

A recent statement of the Treasury Department shows that the silver on hand was valued at \$775,895,691 in December, so it is evident the nation is carrying its tremendous accumulation at approximately 65 cents an ounce, or about 20 cents above the present world price.

Even at that more or less artificial price, it would be necessary for United States to purchase an additional 3,792,307,692 ounces to comply with the provisions of the act, which contemplates metallic coverage in the ratio of 25 per cent silver and 75 per cent gold.

From the same statement it is learned that gold stocks on hand at the end of December reached \$11,257,581,563, and in the tremendous increase in those stocks may be found

the chief trouble that now besets the silver advocate.

At the time the Silver Purchase Act was passed, gold stocks were very considerably less and it did not seem impractical to bolster the nation's currency with 25 per cent silver value.

However, as things stand now, the nation has already accumulated the total world output for six years, and if the act is to be fully complied with, it will be necessary to buy up no less than another 18½ years of world supply, assuming an annual output of 200 million ounces.

Under these conditions, it is reasonable to suppose that even the most ardent advocate of remonetization will wonder how things are going to end in the apparent absence of any desire on the part of the rest of the world to join the silver movement.

Emphasizing the situation in another way, it may be pointed out that silver stocks now on hand represent a total weight avoirdupois of approximately 36,793 tons.

If the full quota under the act should finally be reached, the nation would have to find storage for approximately 150,000 tons of the white metal, an enormous accumulation that would eat its head off in storage charges alone.

About the only ray of sunshine that now glints on silver is the possibility that something may be done about it with the nations of South America and Mexico.

Some months ago that avenue was mentioned in the columns of The Vancouver Sun as one of the possible outcomes of the Pan-American Conference at Buenos Aires, and the writer knows positively that the matter of using silver as a trade medium between those nations is under consideration by the administration at this time.

Such an arrangement would necessarily involve drastic modification of present international tariffs, and there may be some ground for optimism among silver advocates in the knowledge that Secretary Cordell Hull advocated such a step in his addresses at the conference.

Apart from that possibility, which must be admitted as somewhat remote, there does not seem to be much upon which silverites can hang any great hopes for the future, and there is always the possibility that, in face of the onslaught that seems to be shaping up at Washington, the nation's stock, or a great part of it, may be thrown upon the world market and cause a drastic drop in prices after termination of the London agreement next year.

The whole future position of the metal seems to hinge upon the financial strength of the United States.

Will that nation be able to force its silver views upon the rest of the world, or will it be compelled to abandon its efforts?

Only the future can tell, but if something along that line be not done soon the writer believes it quite possible the Silver Purchase Act will

city would not only pay for itself in a short while, but would also reduce the insurance rates and give the fire department a higher rating with the National Board of Fire Underwriters.

"The same statement applies to the extension of the fire alarm system. At present there is a modernly equipped fire company in the new district that can be called to a fire outside that district only by sending a police car or other personal messenger to turn in an alarm. If the extension proposals are carried out, this company will be tied in communication with other Daly City fire houses and its equipment may be sent immediately to a fire in any section of the city."

Arthur J. Bodien, superintendent of the Daly City Municipal Water Works: "I endorse the improvements proposed by the city council, because each one is needed if we want our city to advance in growth and development. There was never a better time to make these improvements, for government aid is now available."

"I am much interested in the proposed fire alarm system and water main extension to our newly annexed section to the south. This project, if completed, will cut fire insurance rates and encourage more building."

"The water department is one of be repealed or indefinitely suspended."

The tremendous increase in the production of gold has undoubtedly confounded many of the silver arguments of years ago, and meanwhile the world has been largely weaned away from metallic coin to paper currency, and little or no thought is now given by the ordinary man to real values that may be back of the flimsy paper he handles.

Even a loyal advocate of remonetization of silver must have some doubts of the final outcome in view of the stolid attitude of the rest of the world outside the United States.—Sidney Norman in The Vancouver Sun.

Supervisors To Set Election Date

Date of the special election at which San Mateo County voters will make their decision on the proposed amendment to the charter will be set by the Board of Supervisors when it receives the certified election petition Wednesday of next week, it has been announced.

Chairman Smith, who leaves tomorrow on a 30 day trip which will take him into Mexico, will not be present, but he said the board would be in a position to set the election date. The ordinance and election proclamation will be ready for adoption Wednesday of next week. After the 10 day period of publication, the board may set the date not less than 30 days nor more than 60 days later.

the biggest financial assets of Daly City. Returns from additional water sales made, should the proposed extension of the system be completed, will pay for installation costs in a very few years and will from then on net a substantial sum for the city each year. Furthermore, Daly City water tests as high as any in the state and is classed among the best there is to be had. To serve the newly annexed portion of our city with municipal water will be an advantage to everyone concerned."

Reverend L. H. Baldwin, pastor of the Church of the Nazarene: "Civic improvements, such as the ones proposed here, are a valuable addition to any community."

"Many cities of 2000 population have a library as large or larger than the one here in Daly City and our city has a population of 10,000. We need improved library facilities."

"At present, Daly City children have no playgrounds or public recreational areas. Such institutions are absolutely necessary to children for proper physical and social development. It appears that now, when federal and state financial aid is available for the improvements, we are in a particularly favorable position to acquire them."

"Local money spent for playgrounds, a library, city hall and extension of the fire alarm and water systems would be well spent."

When The Record asked Police Chief Jim Reardon for a statement concerning his attitude toward the proposed improvements, his reply was short and to the point. "We sure as h— need them," he said.

BEFOULING OWN NEST DISGUSTS RACE FANS

By J. W. MARCHBANK

It is discomfiting to find in almost every California newspaper you pick up at least one article, and sometimes two, recounting the passing of resolutions by various organizations such as chambers of commerce, county fair bodies, and associations of so-called "uplift" character, that are thinly disguised attacks on the great sport of racing.

"How come" all this deluge of resolving at this particular time?

Furthermore, who is paying for the propaganda?

Racing enthusiasts are asking those pertinent questions and many more. In our mind the whole situation has been brought about by the tactics of a faction, supposedly made of sportsmanlike material, that openly proclaims racing is a business, a money-making affair.

I have written for this column many words to the opposite effect and shall continue to maintain the truth of the essential principle that racing is a sport.

The people of Florida are so aroused by conditions in that state they are giving strong support to a movement to take over the control of racing themselves. "Ax to grind" policies, with every move calculated to keep the "ins" in power and the "outs" from getting into power, do not find any more favor down in the southern commonwealth than in our own state.

"Business" is all right in its place. I am a business man myself. But even in its worthier aspects business is not deserving of all our time and energies. It is a treadmill affair. We go to the races to get away from the atmosphere of Wall street, Montgomery street, and whatever street it is where the financiers gather in Los Angeles.

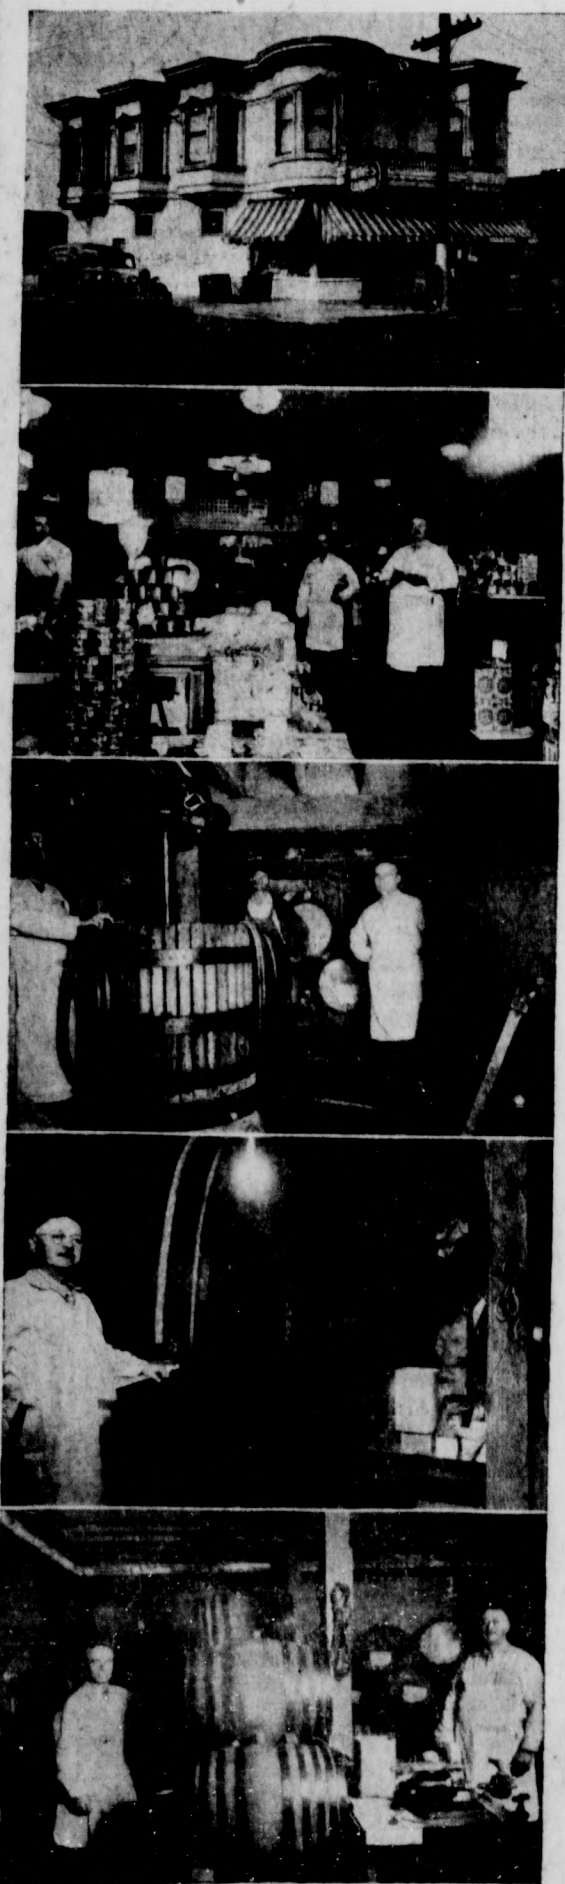

Having been connected with racing throughout my life, I can surely be pardoned for saying I was amazed at reading a statement the other day issued by a race track association that "racing should be conducted as a business—not as a racket—and should be treated as other business institutions in the community." Not only is the assertion that racing should be conducted as a business untrue in every particular, but the lugging in of the phrase "not as a racket" is a gratuitous attack on tracks other than the one that sent out the cart-before-the-horse pronouncement.

"Holier-than-thou" people always stirred my righteous wrath, on the track and off.

I know of no track in this part of the state that is conducted as a racket.

Fire damaged the Lorenz Hotel at Redding, Cal., early this week, to the extent of \$75,000. No injuries were reported.

President Roosevelt recently issued a formal proclamation calling on the nation to observe army day on Tuesday of next week, April 6.

Colma News Notes

Mr. and Mrs. A. Blumenthal spent a delightful Easter week end visiting with friends in Modesto.

Mrs. D. Rovere is recovering from an attack of flu which has kept her confined to her home on Briggs street the past two weeks.

Misses Esterina Ottonello, Helen Smith, Stella Rovere and Jane Brown enjoyed an outing Sunday afternoon of this week at the beach concessions.

George Pavlos of Mission street is recovering from an injured right shoulder resulting from a fall from a ladder on which he was working. He was taken to the Junipero Serra Hospital Tuesday of this week for treatment.

Mr. and Mrs. George Schomer were guests of Mr. and Mrs. W. Riccomi at their home on San Pedro road Sunday of this week.

J. Donohue of San Pedro road is the proud owner of a new sedan purchased last week.

Mrs. Rose LeMay of Washington street, accompanied by a group of friends, motored to Oakland Sunday of this week, where they enjoyed the auto races.

Paul Harper of Rockaway Beach, employed as an oiler on the new Ocean Shore highway, is confined to the Junipero Serra Hospital recovering from a serious eye injury received Saturday of last week when an overhanging willow caught in his left eye, puncturing the eye ball.

Aged Colma Pioneer Passes Last Week

Death came Friday of last week to Mrs. Julia Agnes Greene at her home on Bryant street to end a lingering illness which had kept her confined to her bed for more than a year.

Mrs. Greene, who was born in Colma 67 years ago, was well known and loved by all the community.

Surviving are her husband, Benjamin S. Greene, and three sons, Frank R., John Howard and Edward W. Greene.

Funeral services were held Monday morning of this week from the family residence, thence to Holy Angels Church on San Pedro road, where a requiem mass was celebrated. Interment was at Holy Cross Cemetery.

Tends Toward World Peace

The WPA educational program, which is sponsoring citizen classes at the Grace Presbyterian Church, corner Evergreen and Hanover, Daly City, is not only preparing foreign born men and women to pass their citizen examinations, but is giving its pupils an appreciation of brotherhood and peace which will tend toward the development of high minded citizenship.

The instructor in this school speaks highly of those attending her classes, their faithfulness in attendance and their struggle to learn more of this great land, which will some day be their "own United States."

After passing examinations the student waits three months, before he takes the oath of allegiance. From Daly City the following recently passed examinations: Mrs. Elsie Johnson, Templeton avenue; Herbert Kohlbrenner and Peter Venturino of Evergreen street. From San Francisco, Pasquale Simonetti and Mrs. Helen Soteriou, the latter the mother of a tiny babe less than three months of age.

In January, Guiseppe Di Biase, Irvington street; Antonio Valletto, Beta avenue and Pasquale Simonetti took the oath of allegiance.

English, Irish, Swedish, Italian and other nationalities are represented—sincere men and women who are doing their bit to make this land a better place in which to live.

The WPA school is in session on Mondays and Thursdays from 1 to 3:30 afternoons and from 7 to 9:30 evenings.

Plymouth DeSoto Dealer Relocates

James Donahue, popular Daly City Plymouth and DeSoto dealer, moved, last week, from 6024 Mission street to larger and more adequate quarters at 6259 Mission street.

Donahue has built a fine business and made many friendships during the past five years he sold cars and did repair work at the old address. In his new larger establishment, he plans to serve his customers still more efficiently.

The new car show room measures 25x35 feet and there are more than 1000 square feet of floor space in the modernly equipped repair shop. Donahue also operates an adjacent used car lot.

The regular meeting of the Colma Parent Teachers Association will be held, Tuesday afternoon of next week, at 2:30 o'clock in the Jefferson Grammar School building. Mrs. Stella Jensen has been chosen as the principal speaker. Pupils of Miss Traynor's class will participate in the entertainment program.

Mrs. H. L. Remington of Railroad avenue was a guest at the installation luncheon given, Tuesday afternoon of this week, for officers of the LeConte P. T. A. at a San Francisco restaurant.

Mr. and Mrs. R. Wiedermeyer and family of Moltke street motored to Santa Cruz, Sunday morning of this week, and enjoyed a delightful Easter.

The marriage of Miss Relia Skidmore of Burlingame and Raymond J. Lewis of Santa Barbara avenue will take place, Saturday morning of this week, at the Latter Day Saints Church on Hayes street, San Francisco.

Bride-To-Be Honored At Linen Shower

Mrs. William Gohl, Willits street, and mother, Mrs. Stella Jensen, entertained at a luncheon and linen shower at the home of Mrs. Jensen in Lawndale Thursday of last week in honor of Miss Lois Esterbrook of Los Angeles.

The table and dining room were prettily decorated with pink spring blossoms and candles. Guests were Mesdames Sidney Mahler, Ralph Riches, Walter Simon, Robert Bowen, Clyde Bowen and Jay Jensen.

Miss Esterbrook, a graduate of U. C. L. A. and member of Kappa Delta Sorority, will become the June bride of John Ganzhuber, a graduate of U. S. C., who is now associated with the Graybar Electric Company of Los Angeles.

Radio May Be Used By Fire Fighters

Radio, long the aid of police in crime suppression, will enter the field of fire fighting if present plans go through, it was revealed this week by Fire Warden Bert L. Werder, and his son, Assistant Warden Ernest Werder, following their return from a two day convention of rural fire fighters at Davis.

They predicted that forest and rural fire fighting apparatus will be equipped with two way radios, enabling intercommunication and relaying of information while fighting major fires. Application for an exclusive broadcasting band is now being made, and efforts are being launched to tie this county into the system.

The rural fire fighting institute, attended by 145 wardens, was under auspices of the agricultural extension system of the University of California, the state forestry division, and the United States Forest Service.

Modern equipment owned and operated by San Mateo County received favorable recognition at the institute.

GLAMOROUS RUSSIAN ACTRESS ACCLAIMED ON CURRAN STAGE

Eugenie Leontovich, petite Russian actress, who has been acclaimed by San Francisco theatergoers for her exceptionally colorful portrayal of the Grand Duchess Tatiana Petrovna in "Tovarich," the hit comedy now on the Curran stage, has been given flattering offers to appear in Chicago; this fall with her entire company intact. She is keeping this offer under advisement as "Tovarich" is continuing to draw capacity audiences to the Curran nightly.

Lone Woman Crashes On Junipero Serra

Mrs. Gino Martini, 36, 322 San Mateo drive, San Mateo, was seriously hurt in an automobile accident on Junipero Serra boulevard, Wednesday of this week, at 9:45 p. m.

Alone in her sedan, Mrs. Martini was traveling southward. One mile from the Woodlawn Cemetery intersection, the car suddenly swerved to the right, hurtled into the air, turned over twice and came to rest on an embankment. The auto was demolished.

Hal Logan, 325 Ninth avenue, San Francisco, only witness to the accident, said there were no other cars on the highway at the time of the crash.

Mrs. Martini was taken to Junipero Serra Hospital. Attendants said she suffered a deep gash in her left forehead, possible skull fracture, cut upper lip and many scratches and bruises.

CARD OF THANKS

We wish to thank our friends, the faculty and students of Jefferson Union High School for their beautiful floral offerings and kind expressions of sympathy in the loss of our loving daughter and sister.

Mr. and Mrs. EARL McCUNE and family.

Mateo Jaysee Faces Athletic Tilts

San Mateo Junior College teams will enter two tough conference contests tomorrow. Local jaysee tracksters will compete with athletes at Modesto and the Sacramento jaysee baseball club will come to San Mateo to play. Today and tomorrow the San Mateo College golf team will match strokes with Modesto and University of California golfers.

San Mateo is given a good chance to win the Modesto track meet tomorrow. In a recent meet at Pasadena, the Mateos showed unusual track strength. Bill Wohle, of San Mateo, broke the national jaysee shot put record recently when he tossed the 16 pound ball 50 feet 6½ inches, a better throw than many university marks this season.

Prominent Hi Girl Passes Last Week

Marjorie Jeanette McCune, 17, senior at Jefferson Union High School, died at a San Francisco hospital, Saturday of last week, following an appendicitis operation.

Miss McCune was a daughter of Mr. and Mrs. Earl McCune, 141 Los Banos avenue, Daly City. She had attended Jefferson High School for nearly four years and was a prominent music student there.

Funeral services were conducted from the mortuary chapel of W. C. Lasswell & Co., Tuesday morning of this week. Two hundred students came in mass from Jefferson High School to pay their respects to their classmate.

OLDEST COUNTY RESIDENT GIVEN HONOR SERVICES

"Mother" Minerva Perishes In Flames Which Swept Her Colorful Home

(Continued from page 1)

week, at the Masonic Temple, Hillcrest drive and Mission street. The funeral was conducted, Tuesday afternoon at 2:30 o'clock, by Rev. L. W. Reneau, assisted by Rev. A. R. Willis, under the auspices of the San Mateo-Burlingame Camp No. 130, United Spanish-American War Veterans.

FIRE GUTS FORT

"Mother" Minerva died, Thursday night of last week, when fire, believed caused by a defective oil stove, swept her humble little cottage on stilts (famously known as Minerva's Fort), which is located on El Camino Real at Colma. The dwelling was gutted by flames.

An examination disclosed death was caused by suffocation, with burning a contributory cause.

The oldest resident of San Mateo County was born June 26, 1832, at Canton, Ohio. Her husband, Louis Washington Hartman, a sea captain during the Civil War, preceded her in death by 65 years. Friends who had known "Mother" Minerva for more than 30 years said they had never heard her mention any living relatives.

She had little to say about her past life other than her notable career as a nurse, which included active service in the Indian War with Custer, the Civil War, the Spanish-American War and in the Philippines.

Mr. and Mrs. E. Donham and little son Robert returned to Petaluma Easter Sunday, having spent the week end as the house guest of Mr. and Mrs. A. Geringher of Woodrow street.

NOTES ON OUR ELEMENTARY SCHOOLS

A simple, yet extensive, elementary course in correct dress is being given to the high eighth grade this term by Mrs. R. Corral, art supervisor. Adolescent boys and girls of this age are conscious of personal appearance and the objective of the course is to enable students to select harmonious, economic and suitable clothing and accessories for their particular type or individuality.

The problem of cleanliness and attractiveness constitutes important factors in correct dress for boys and girls. This course in correct dress is being integrated with the hygiene work by pointing out that youthful attractiveness can only be attained through good health, which in turn relates to cleanliness.

In economics, the factors of thrift and budgets are being studied in relationship to correct dress. "It's smart to be thrifty" is being shown these high eighth grade students. The children are learning thrift and taste in selecting wearing apparel.
